I've been in an accident, what do I do?

- Stop**
- Make sure everyone in your vehicle is ok.**
- Move the car to the shoulder, turn the ignition off and safely exit the vehicle (if you can).**
- Check on the other driver and passengers.**
- Call the police.**
- Take pictures of the scene from various angles.**
- Make note of the following:**
 - Date, time, location and weather conditions**
 - Direction you were traveling**
 - Direction other drivers were traveling**
 - Any traffic lights, signs or other contributing factors.**
 - Responding police department, officer name and badge number**
- Exchange information with the other party through the officer.**
 - Your name, phone number and vehicle VIN.**
 - Your insurance company and policy number**
 - Do not give out any other personal identifying information unless asked by the officer.**
- Ask the officer what citations are being issued and to whom.**
- Call your agent and let them know the situation and ask them how you should proceed.**
- Do not discuss fault with the other party.**
